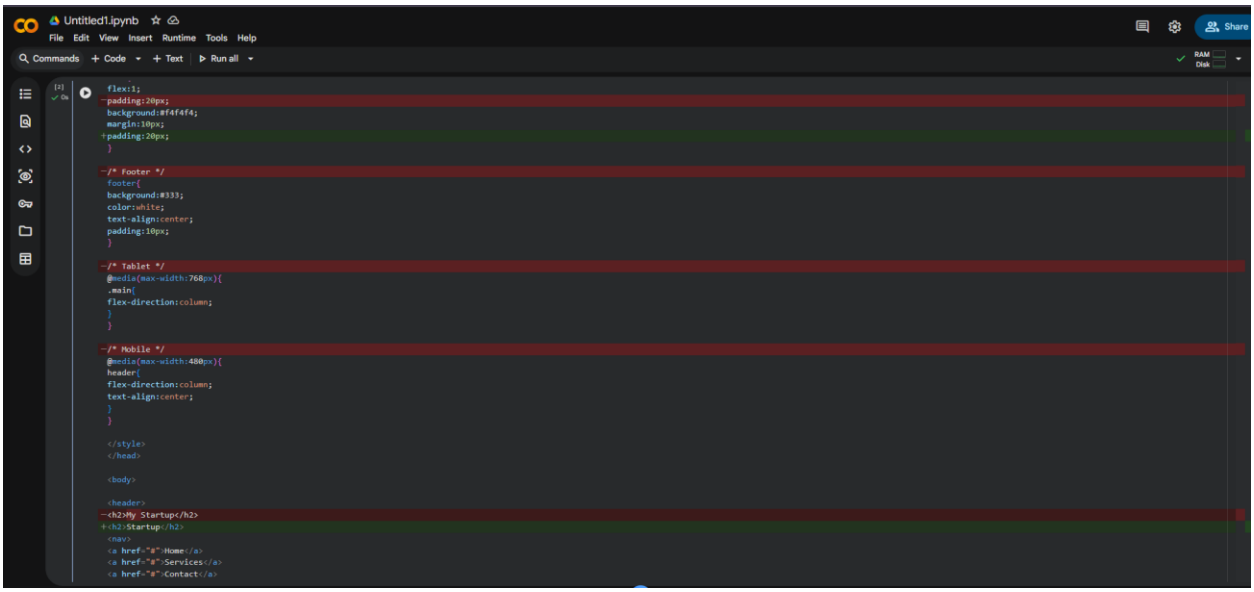
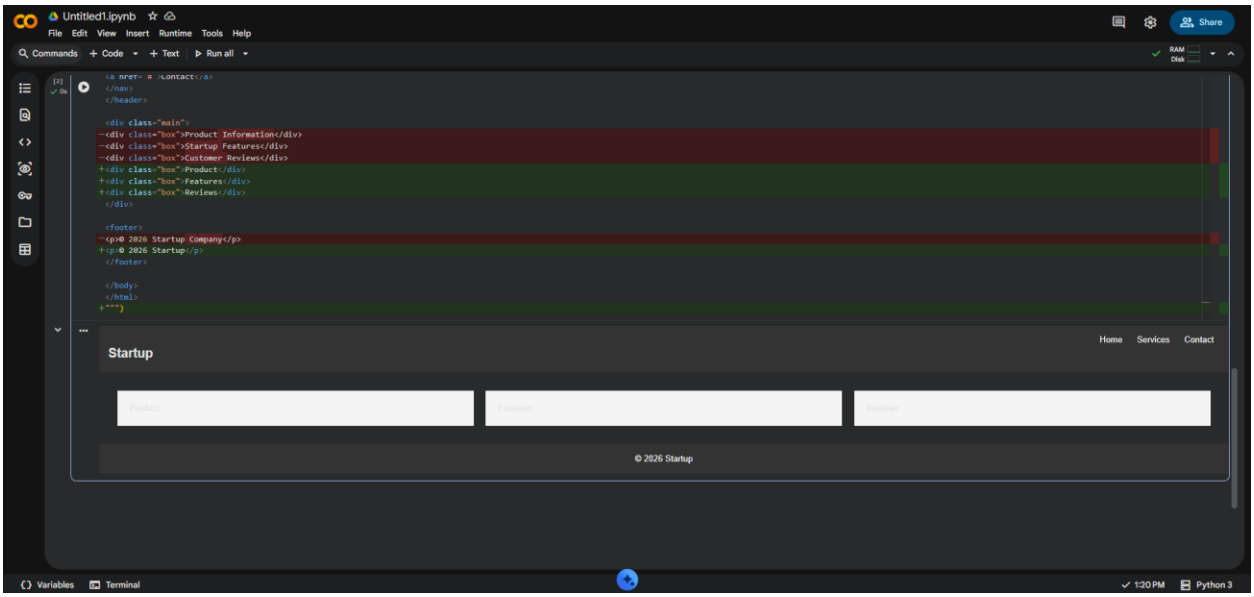
LAB ASSIGNMENT-14.4

2303a51940

Task 1: Responsive Homepage Layout for a Startup Website
Scenario:
You are designing a basic homepage for a startup company that needs to look good on desktops, tablets, and mobile devices.

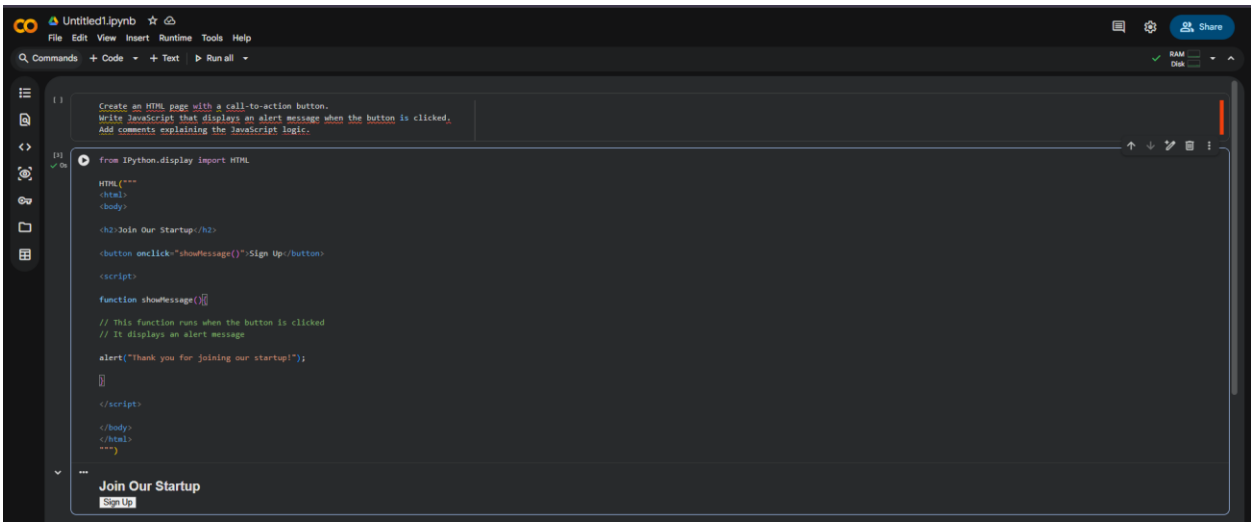




Task 2: Interactive Call-to-Action Button

Scenario:

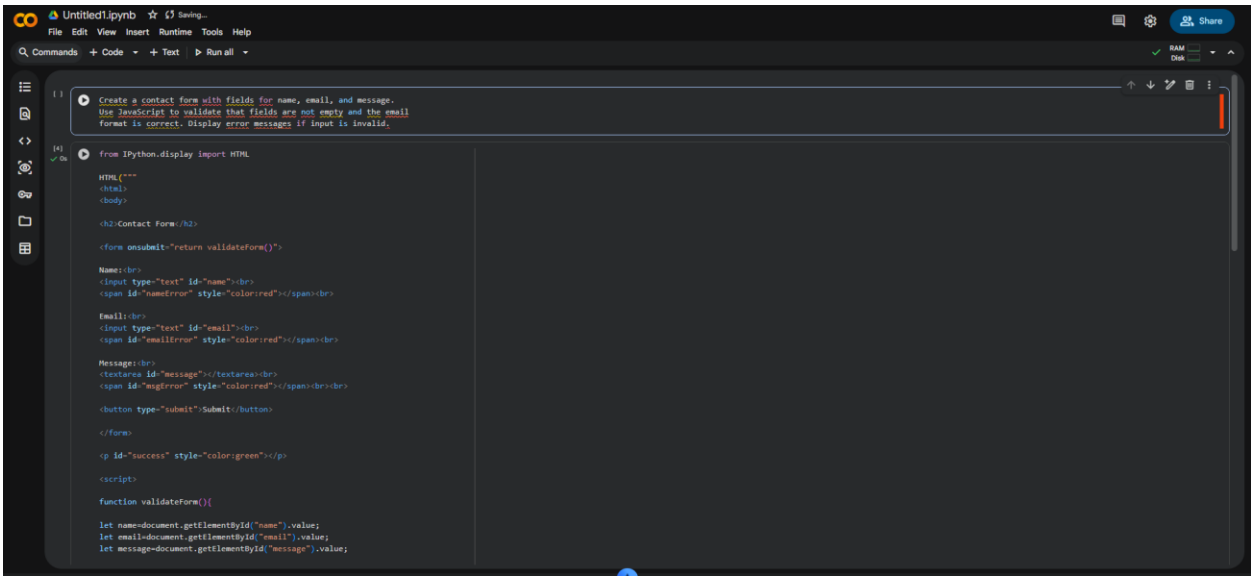
A marketing page requires a call-to-action button that responds when users interact with it.

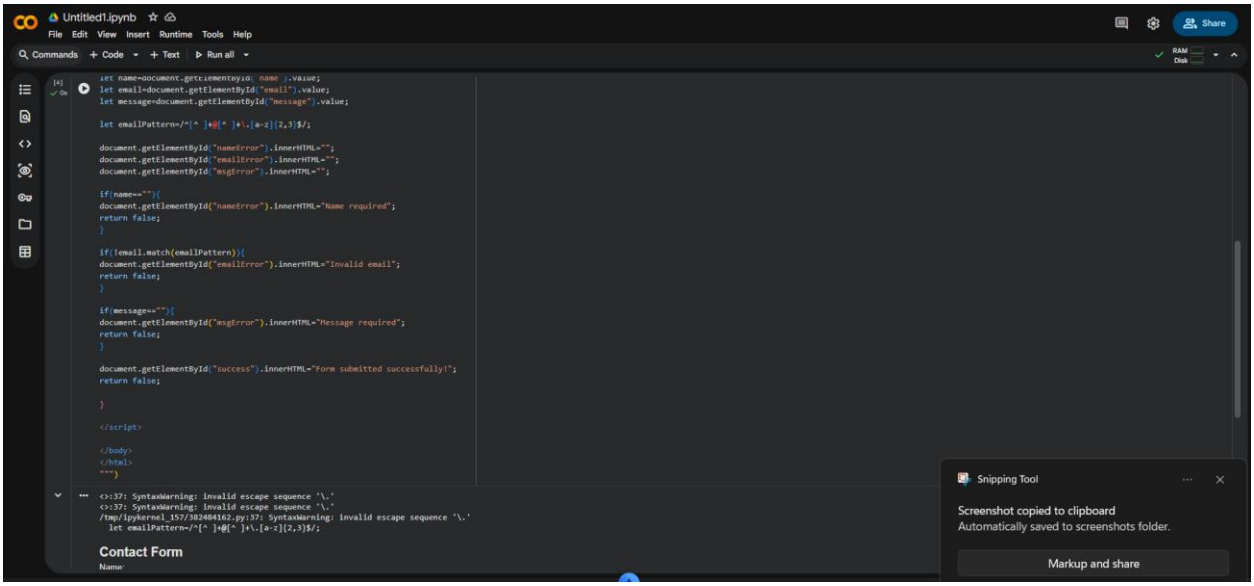


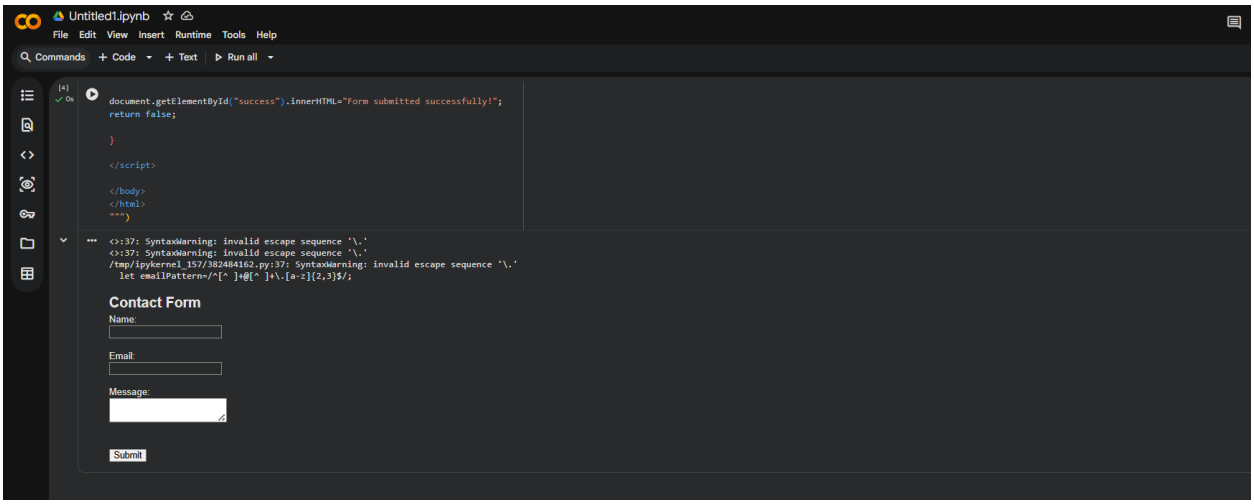
Task 3: Contact Form with Client-Side Validation

Scenario:

You are developing a contact form for a company website to collect user queries safely and correctly



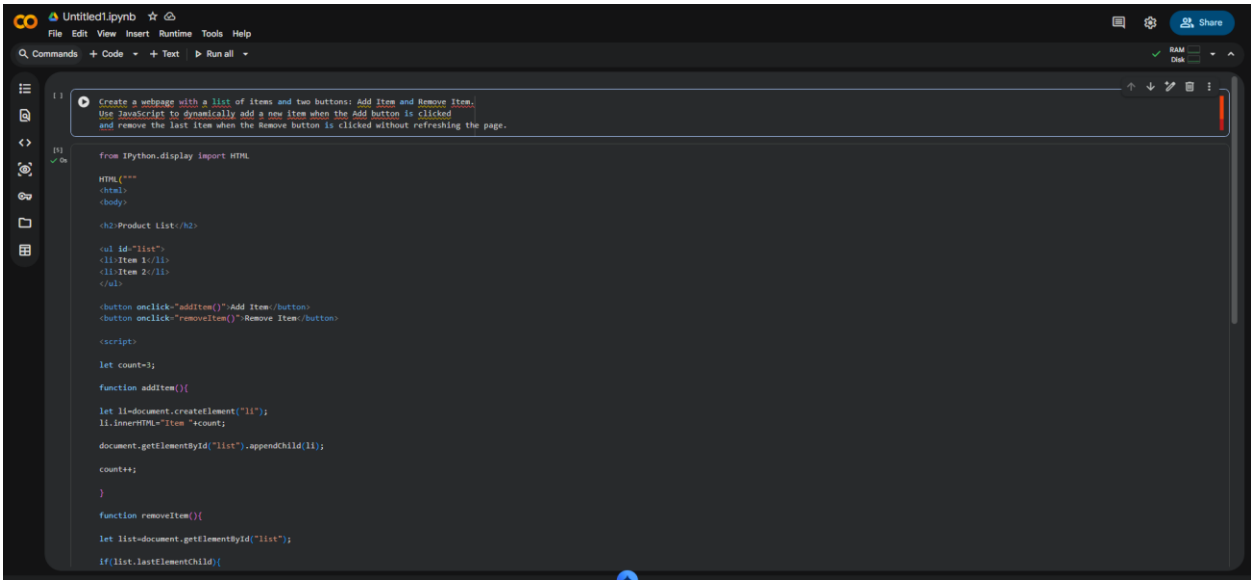


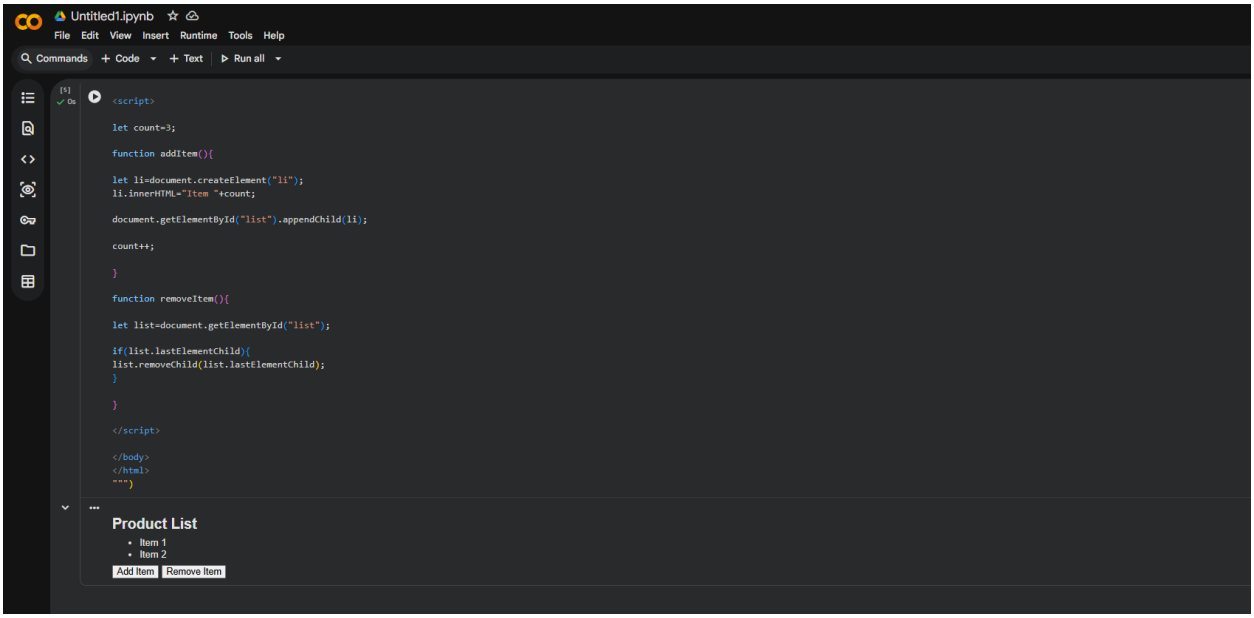


Task 4: Dynamic List Management for a Product Page

Scenario:

A product listing page needs to add or remove items dynamically without refreshing the page.





Task 5: Modal Popup for User Notifications

Scenario:

You are building a user notification popup for announcements or alerts on a website.
